

YankeeScents Potpourri Company

YankeeScents Potpourri is a Vermont-based company run out of a 200+ year old building located in historic Wells River, Vermont. We strive to weave the beauty, quality and timelessness of New England into all we produce.

Our primary product is handmade potpourris, and we craft dozens of blends made with either fragrance oils or essential oils (used in aromatherapy). We concentrate on producing high-quality potpourri with little dyes or fillers. We also offer several potpourris specifically designed for simmering.

We produce a number of other products as well, including dream pillows (to aid in vivid dreaming), fragrance oil blends, essential oils, scented pine cones and crystal potpourri.

See our Website (<http://www.yankeescents.com>) for more detailed descriptions of the items we carry, pictures of individual potpourri blends and special pricing for combo deals and sample packs. We also offer gift certificates for any amount you'd like to give!
